Thank you, Jose Luis. I plan to be there as well and will make the presentation. However, having College people present will be helpful. I have asked Tom V to attend too.

Hi, Sheri,

I would appreciate your attending the Woodland Hills Chamber of Commerce meeting on Tuesday morning in my place. Hopefully they will give you more time as vice president of the college. I will drop off the materials you may wish to use for your brief presentation; these are ones we developed for the Opening Day activity.

I think someone from the college should attend. To bow out could put us in a bad light with the Chamber. I don't think this is something we want to risk as we are building relationships with the business community.

I can attend and make a 5 minute presentation if no one else can attend.

Hi, Steve,

From the e-mail you sent, I am assuming that the Woodland Hills Chamber of Commerce has allowed us 5 minutes for our presentation. Unfortunately, this negates the purpose of our wishing to meet with the Chamber to solicit feedback for the Pierce College Mission Statement.

I was hoping that we would be allotted anywhere from 20 to 30 minutes so that we could explain our purpose, begin a dialogue, and elicit legitimate feedback. We could leave the members with forms to respond to us after they had an opportunity to ponder further the role our college should play in providing educational opportunities for the members of our community.

As much as I appreciate the Chamber's placing us on its agenda, the 5

minutes allotted to us does not warrant my or anyone else's time away from the college to attend the meeting. Thank you for all your efforts in arranging for us to appear, but I am afraid we should bow out since our purpose cannot be accomplished in the short period of time allotted.

I just received the information below from the Chamber of Commerce. Didn't realize it would be so early. I can attend with you and was already planning on doing so.
