6	<p>College Administration Report – Earic Dixon-Peters on behalf of Kathleen Burke Presented on activities in Student Services and distributed a handout with student enrollment data. Findings included:</p> <ul style="list-style-type: none"> • Student population – The ratio of part-time students is 78%, where most students are of traditional age (18-24 years old). • From fall 2015 to spring 2016 = 7500 students lost, lost 7800 students the following year, and this year, we lost 8800 students. • These numbers do not coincide with the unemployment rate in San Fernando Valley. The argument for the low enrollment was due to a strong economy. However, the unemployment rate in the nation is 4.1%, the unemployment rate in LA County is 4.1%, and unemployment rate in the San Fernando Valley is 5.8%. • Enrollment Status of College Promise - College Promise efforts are successful; those students enrolled in College Promise performed better. • Students were called individually and asked for feedback. Students who did not complete College Promise requirements reported that they did not feel connected to the college. • There is more competition with other schools in and outside of the district now that students can attend any community college free for the first year. Therefore, we need to continue reaching out to students and provide a clear timeline of their time here at Pierce.
7	<p>Associated Student Organization (ASO) Report – Efren Lopez</p> <ul style="list-style-type: none"> • Reaffirming statements made by VP Dixon-Peters; students have the option of which college to attend. Their first year experience has to engage students in clubs and services to keep students attending full-

	<p>time and complete their education here. Time-blocks will be an issue, the ASO will support the push for a college hour when students can engage with the college.</p> <ul style="list-style-type: none"> • ASO is partnering with Food Forward to distribute food. There is a Food for you Event happening today until 3:00 p.m. and tomorrow until 3:00 p.m. • Elections are happening next week online. Announcements were notified on Canvas. • ASO is looking at resolution for Pierce Brahma Collective supporting LGBTQ students on campus at the end of this month. • ASO has opened Senate applications for student leadership until May 17th.
8	<p>Action Items;</p> <p>a. Pillado spoke in favor of the move. An ECD of a new course is dependent upon the transition; need to settle the books to the appropriate approval. MSP (34-0-0).</p>
9	<p>Unfinished Business;</p> <p>a. Faculty representation on the College Professional Development Committee (see attached, Appendix A)</p> <p>Pillado moved to bring back to table; Belden seconded. Moses moved that the representative on the College Professional Development Committee should be the current Faculty Professional Development Coordinator. Belden seconded. 	<p>An error of fact needed to be corrected.</p> <p>d. 2018-04-23_NMP S18-06_EPC-Viability Review (see attached); refer to the Educational Planning Committee’s minutes from April 13, 2018</p> <p>e. 2018-04-23_NMP S18-07_PDC-IEPI-PRT Plan (see attached); refer to the Professional Development Committee minutes from April 17, 2018</p> <p>f. An examination of the Pierce Shared Governance Agreement (see attached); refer to the Professional Ethics Committee’s minutes from April 16, 2018</p> <p>The Professional Ethics Committee reviewed the Pierce Shared Governance Agreement. The Ethics Committee examined both parties’ roles in the shared governance process.</p> <p>The PEC also recommended reviewing Chapter 18 of the LACCD Board Rules which details what mutual agreement means. Items that stood out from the shared governance agreement:</p> <ul style="list-style-type: none"> • The administration will rely primarily on the recommendations of the Senate; in cases where the recommendations are not agreed upon, the administration shall explain in writing why. • The administration needs to meet with the Senate Exec on a regular basis, but there is no strongly-worded obligation that they attend Senate meetings. Obligations need to be clear. • Appointment of membership to task forces. The Senate should be making appointments. • The shared governance should meet Accreditation standards. • The shared governance agreement should be updated.
