

Proposed New Course Report Questions

Since the previous course report, discuss any changes to course SLOs, SLO assessment methods, and/or the course (i.e., curriculum, pedagogy, etc.), as well as the impact of those changes.

Discuss the process in place to ensure that SLO assessment is equivalent across different course sections. For example, some departments use the same SLO assessment instrument for all course sections.

Discuss SLO performance* within the course since the previous course report, including whether any benchmarks for SLO performance were met.

*Please see the College Outcomes Committee's guide for viewing SLO performance data in eLumen.

Given current SLO performance*, discuss any changes planned to SLO performance benchmarks for this course moving forward.

Discuss any proposed plans for improvement for the course to improve SLO performance, including but not limited to changes to course SLOs, SLO assessment methods, and/or the course (i.e., curriculum, pedagogy, etc.)

What other actions within the department are planned to improve the course, including SLO performance?
