Department	Outcome	SAO	SLO
Admission and Records	Students are able to complete the online application for admission easily and accurately through CCApply.	х	
	Students can easily register for classes.	х	
Articulation Office	Students will be able to utilize articulation agreements to define the major requirements to transfer to the UC or CSU systems.		х
	Students will be able to demonstrate an understanding of the general education areas required to transfer to the UC or CSU systems.		х
Assessment	Students will be able to identify the appropriate Math placement exam to take to distinguish what level of Math they are prepared to attempt.		х
Athletics	Student athletes will be able to demonstrate acquired interpersonal skills that increase their ability to work with others, effectively communicate, and develop supportive team relationships.		х
	Student athletes will demonstrate an understanding of policies, procedures and expectations of Pierce College.		х
CalWorks	Students will develop a SEP that will facilitate and effective integration into the work force	х	
	Students will find and utilize effectively available campus and community based resources needed to become self-sufficient		х
	Students placed in CalWORKs work study program will demonstrate essential workplace skills		х
	Students who attend and participate in CalWORKs workshops will be able to develop personal resumes and learn the process to apply to a four-year institution.		х
Career Services	Undecided students who take career assessments and review the results in a career counseling appointment will be able to choose a major and/or identify an educational goal. (ILO: Critical Thinking)		х
Center for Academic Success	Students will learn skills and concepts they can apply to classes in which they are enrolled, ultimately leading to improved success rates in the courses for which they seek help.		х
Center for Academic Success	Students will receive accurate, widespread and comprehensive information about academic support and services.	х	
	Students will demonstrate knowledge of the domains of child development through observations done at the CDC.		х
Child Development Center	CDC Assistant Teachers will demonstrate knowledge of safety procedures.		х
	Assistant Teachers will demonstrate knowledge of appropriate child-centered classroom activities.		х
	Parents will gain relevant information to improve parenting skills		х
	Children will demonstrate continued growth in cognitive, creative, physical and social-emotional development		х
Counseling-Academic	Students on probation will be able to identify success strategies after meeting with a counselor that will assist them in making satisfactory academic progress.		х
Counseling-General	Students on probation will be able to identify success strategies after meeting with a counselor that will assist them in making satisfactory academic progress.		х
	Students will be able to evaluate academic options and make informed decisions on appropriate classes to take each semester.		х
EOPS-CARE	EOP&S students participating in the program orientation will be able to demonstrate knowledge of the program's requirements and philosophies as measured by a score of 75% or better on a post orientation survey.		х
Financial Aid	Student Loan Borrowers will understand their responsibilities for repayment of loans.		х
	Students will apply for financial aid by March 2nd priority application deadline	х	
	Students will complete their financial aid file by the May 1st priority deadline.	х	
	Students will demonstrate knowledge and understanding of managing their personal finances.		х
Foster Youth Program	Foster youth will understand the Guardian Scholars program and learn how to seek assistance to nourish their educational goal.		х

Suderts who attend the nutritions (nine will be able to identify two lifestyle changes they can make to administence their goal. x x	Department	Outcome	SAO	SLO
Students who visit the Medical/Mental Health Clinic will be able to demonstrate knowledge of treatment modalities for their mental and physical health concerns. Students who visit the Medical/Mental Health Clinic will be able to identify tools to practice risk reduction and prevention behaviors.
