12.3	<p>Ethics Committee – Cara Gillis</p> <ul style="list-style-type: none"> <li>• Old Business (The Senate has asked about some business from May 2013):             <ul style="list-style-type: none"> <li>○ Regarding an allegation that faculty were using campus resources for personal financial gain: The committee got clarification from Administration about the policy; however, since it was only a third-hand allegation that the faculty member was doing that, we opted to not pursue it further. Since the committee now knows what the campus and State require, should further verifiable offenses take place we will deal with them quickly.</li> <li>○ Regarding financial transactions between faculty and students: The faculty member in question was spoken with and the committee wrote up a case discussion that was sent for dissemination to the faculty that clarifies the campus policy on professor-student financial transactions.</li> <li>○ See the Ethics Committee Web site for more info.</li> </ul> </li> <li>• Ongoing Business:             <ul style="list-style-type: none"> <li>○ The issue of violent or unpredictable students is one that the committee continues to investigate. David Phoenix from Special Services spoke to the committee about what programs were in place and what (if any) policies were in place to notify faculty if their students had had previous violent incidents. The committee will continue to pursue information regarding existing policies and procedures and will report back to the Senate. The current thought is that there may be a need to develop a policy to prevent harmful student situations while protecting students’ rights to privacy.</li> </ul> </li> <li>• New Business:             <ul style="list-style-type: none"> <li>○ Faculty Intimidation: The committee received a second-hand complaint about faculty intimidation over political issues. The committee was also approached by other faculty about a relevantly similar issue. Both the AFT (Article 5) and the Pierce College Code of Ethics (Section 1, B) prohibit faculty intimidation and require the development and maintenance freedom on inquiry, including the right to hold differing ideologies. In order to remind faculty of these requirements, we are drafting a case discussion and policy reminder to be disseminated to all faculty.</li> <li>○ Existing Membership: Gillis, Kramer, Smetzer, Sutton, and Youhanna have terms that are expiring at the end of this semester. They all wish to remain on the committee for another term.</li> <li>○ New Membership: The committee has two openings on the Ethics Committee for terms starting in February of 2014. We are underrepresented in Area 4.</li> </ul> </li> <li>• Next Meeting:             <ul style="list-style-type: none"> <li>○ The next meeting is November 18<sup>th</sup> in the Faculty Resource Center. The media survey should help with taking steps to alleviate this concern. Mark will use data from the survey to request two new positions that support AV (need an A and B shift). Mark will be researching whether this type of position that supports current technology already exists in our district.</li> </ul> </li> <li>• Wi Fi <ul style="list-style-type: none"> <li>○ <u>After</u> IT wraps up work on the VOIP system, they will begin working on authentication for Wi Fi. Students will need to enter their student ID and PIN. They will most likely add a guest login for the first three weeks of each semester so that students can check their schedules. The login would then change after the third week of the semester. Wendy Bass will contact Doreen Clay about marketing informative materials in this regard. Sean McDonald will also contact the Roundup. Mark will e-mail faculty again with the instructor Wi Fi authentication login information.</li> </ul> </li> </ul>

### **EXECUTIVE COMMITTEE RESOLUTIONS**

#### **. 2.0 ACCREDITATION STANDARDS**

##### **. 2.01 F13 ASCCC Statement on Accreditation**

Whereas, The “faculty roles and involvement in accreditation processes, including self study and annual reports” is one of the “10+1” academic and professional matters designated to academic senates in Title 5 section 53200;

Whereas, The Academic Senate for California Community Colleges (ASCCC) has been intricately involved in accreditation processes since its founding and continues to actively support faculty and colleges in their accreditation work through breakouts presented at plenary sessions, *Rostrum* articles, Senate position papers, its standing Accreditation and Assessment Committee, and its annual Accreditation Institute;

Whereas, The ASCCC further provides colleges, upon request, with Accreditation Response Teams consisting primarily of faculty experienced in various areas of accreditation, in order to assist colleges that are facing sanctions or are otherwise concerned with the involvement and roles of faculty in regards to accreditation processes within their own college governance structures; and

Whereas, Despite the ASCCC’s strong advocacy for and assistance with “faculty roles and involvement in accreditation processes” and extensive set of adopted positions to that effect, the ASCCC currently has no a statement regarding the ASCCC’s responsibility with respect to accreditation;

Resolved, That the Academic Senate for California Community Colleges adopt the following statement on accreditation to be used to guide the ASCCC in its ongoing work to support college accreditation efforts:

The Academic Senate for California Community Colleges (ASCCC) values the peer review process of self-reflection and improvement known as accreditation. Since local academic senates are given Title 5-designated roles within the accreditation process, the ASCCC sees its primary responsibility as helping colleges to meet the adopted standards for which they will be held accountable and to generate comprehensive and forthright assessments of progress toward the standards. The ASCCC’s main tool for supporting colleges is the annual Accreditation Institute through which faculty and other colleagues are encouraged to learn about and address the standards and recommendations from the Accrediting Commission for Community and Junior Colleges. Additionally, the Academic Senate shares accreditation information and provides support through local college visits and regional presentations. As a professional matter, in support of the ideal of a fair and meaningful accreditation process, the ASCCC’s secondary responsibility is to recommend improvements to the accreditation standards and processes by providing thoughtful feedback and input to all accreditation participants; and

Resolved, That the Academic Senate for California Community Colleges publish the statement widely.
